

Catalina ADVENTURE Program!

Starting October 2010

An Environmental Education Field Trip, Grades 1-3

The **Catalina Adventure Program!** is a 2-hour environmental awareness field trip designed for sensory learning. This participatory and interactive field trip, led by trained naturalists, focuses on developing an awareness of nature through the senses. Appreciation of the natural world and our relationship to it is emphasized during a series of hands-on activities along a trail in the 5,500 acre park.

Students get to explore and learn to use all of their senses. The trail walk and activities apply the concepts of using the five senses learned in the classroom to improve the students' understanding of the natural world. Teachers receive a packet with pre- and post-visit classroom activities to enhance the on-site experience. The materials contain specific key concepts, teacher background information, and student activity sheets. The Catalina Adventure Program begins in October 2010. There is currently a fee of \$2 per student.

For more information or to schedule a trip, please contact the park office at (520) 628-5798 for details.

Catalina State Park is located in Oro Valley, Arizona (north of Tucson) on the western slope of the Santa Catalina Mountains at 11570 N. Oracle Road. The 5,500 acres of Catalina State Park are crossed with miles of trails for hiking and bird watching with picnicking and campground facilities, and designated trails for mountain biking and equestrian use.
